

Mp3 The Web - Spirit Of The Land

[DOWNLOAD HERE](#)

Experimental organic ambient/electro indigenous didjiridu dance breakbeats and trance.didge,didjiridoo 5 MP3 Songs ELECTRONIC: Breakbeat/Breaks, WORLD: Australian Details: THE WEB is a Sydney-based collective of electronic musicians, dancers and artists, including both Indigenous and non-Indigenous musicians and dancers. Inspired by natural tribal rhythms and organic samples, , sounds of The Web include everything from Breakbeat, to Trance, R&B, Hip-hop, and feature traditional Aboriginal vocalists from remote communities around Australia. Blended with the natural sounds of frogs, insects, native birds, and other organic sounds - the voices of the living planet . Recently crystallising ideas that began as Didjibyte back in 2000, the emergence of The Web in 2005 is the didj-driven tribal dance grooves of Didjibyte, with culturally unifying vision , ecological foundation and indigenous collaboration. The Web is an audio-visually engaging experience melting the boundaries between a technologically progressive 21st century culture and our ancient earth-based tribal roots. working under an ecological ethic inspired by community and nature With 2 CD releases and over 40,000 albums sold independently, and numerous gigs around the country, The Web is an innovative performance experience. Don't miss this!
