Dr Dre Drums HD is a must have drum library for any serious hip-hop producer. This drum library consists of meticulously recreated drum samples that sound just like Dr Dres legendary drum sounds. The samples are rendered in high definition 24bit 96 khz WAV format (identical samples in 16bit 44khz are also included for compatibility with older devices). Every sound is usable in the sample set. There are no fillers and the samples were recreated with the finest studio equipment available in a collaboration with professional studio engineers. This kit includes: 40 Dr Dre kicks, 40 Dr Dre snares, 36 Dr Dre other drum sounds (claps, toms, rides etc) and 20 Dre hi-hats. The total size amounts to just over 700 MB (uncompressed.)
