[DOWNLOAD HERE](#)

Father Murphy has its psychedelic way to bring apocalyptic lullabies and silly melodies into weird non religious stories. Another thing: The songs have an interesting darkness about them. 12 MP3 Songs
ROCK: Psychedelic, ROCK: Punk Details: THE STORY: Reverend Murphy was born in Brooklyn, New York, hundreds years ago in a hot hot summer. He had one son and a daughter: Freddie Murphy and Chiara Lee. They choose 2 different ways: the little Lee went to China, while Freddie was stuck in Brooklyn. They kept in touch for a while, then both felt asleep for many years. Three years ago they met again in Venice, where they got baptized by Vicar Vittorio Demarin, and there you go: Father Murphy was born. THE PROJECT: Father Murphy is couple, a trio, a no-band. During live shows Chiara Lee, Vittorio and Freddie work together to play toy instruments, or to play instruments as toys. While Vittorio plays at the same time a kid-drumset and his old violin, Chiara puts together different sounds taken from any kind of old chinese toys and italian keyboardsand Freddie? Freddie is actually a reverend who sings a song from this world and the other one. The Trio lived together in Brooklin, New York for a while, then they moved to Berlin. Living now in Italy, they play live shows and make new releases just to spread Book of Revelations truth out to the world, even if all this sounds too religious..
