Easy listening, background music 7 MP3 Songs EASY LISTENING: Background Music, WORLD: World Fusion Details: Since November 2002 I have had the privilege to perform regularly at an Italian restaurant and bistro called Constantinos. I have had several requests to release a live Instrumental CD during my stay at Constantinos. I am Performing on a Martin CF-1 Archtop Guitar and a Michael Kelly Dragonfly Acoustic/Electric Mandolin. All songs were recorded live using a Marantz Professional PMD 660 Portable Solid State Audio Recorder. Supporting my performances throughout this CD are computer generated midi-based percussion, acoustic upright bass, and sparse chordal accompaniment providing a professional, consistent, innovative, entertaining, small ensemble sound. Disc Makers, a full service CD manufacturing company for independent musicians, put their talented team to work creating art work, mastering audio tracks, manufacturing and packaging my 2nd CD as an independent recording artist.
