Chicago Blues with Soul and R&B. 12 MP3 Songs BLUES: Chicago Style, URBAN/R&B: Rhythm Blues  
Details: My music has a SOUL-edge on it..i'm a "4 on the floor" type of player. Toronzo Cannon the Cannonball Express Among the current crop of young Hendrix-influenced guitarists, Toronzo Cannon is one of the more articulate: no matter how wild he gets, he's always saying something in his solos, not just slinging notes around for the sake of it. His vocals are equally expressive, whether he's testifying on a soul-tinged number or braying a blues anthem--further evidence of his professionalism and focus. --David Whiteis-Chicago Reader June/2005. I've also been reviewed in Living Blues#187 Nov/Dec 2006 and The UK Blues and Rhythm #217 March 2007. I've played the Chicago Blues Fest 3 times and played in several States and been to Latvia (RIGA) twice.
