We are proud to release the second volume in our Position Music Orchestral Series. The series has been created especially for Motion Picture advertising. Our second volume, featuring the music of James Dooley, focuses on the Action, Adventure and Suspense genres. James Dooley works out of the Remote Control Productions studios and often collaborates with award-winning composer Hans Zimmer as an additional composer, arranger and orchestrator. He has worked on such features as The Time Machine, Pirates of the Caribbean, King Arthur, Hannibal, Black Hawk Down, Matchstick Men, The Da Vinci Code and Madagascar. He has also scored When a Stranger Calls, Daddy Day Camp and the video games SOCOM III: U.S. Navy SEALs, SOCOM IV: U.S. Navy SEALs: Combined Assault and Castle Wolfenstein. In addition to the main versions of the 18 tracks we have provided non-choir/instrumental and percussion-only tracks. We also have the ability to customize the tracks if changes are needed to make the cues fit a specific campaign.
