Swamp-tinged psychedelic roots/rock cabaret, featuring eleven original tunes by singer/songwriter/accordion player Rachelle Garniez. 11 MP3 Songs POP: Quirky, ROCK: Roots Rock
Details: This second release from Rachelle Garniez the Fortunate Few breaks you out of the lounge and into the urban swamp out back. Here are eleven original songs with the uniquely twisted traditional influences that Rachelle cannot help but draw from...seems like this must be classified as Americana ala Latinesque - a Cajun lullaby, a psychedelic tango and a mysteriously silly cha-cha cross paths with a double-entendre blues number and a soulful send-up of your average everyday cross-dressing neighbor. Get ready for a darkly funny, tough and wistful, brightly funky experience.
