

Deloops Drums 1

[DOWNLOAD HERE](#)

This Drum Loops have a unique touch of feel and sound. It's a sophisticated type of loops which build a complex structure within its basic rhythm. Every folder contains many variations of the same (or few) basic rhythm(s), so you can build your own drum track that will have many refined and interesting change variations during its playing. * More than 1000 high quality wave files, 16bit/44khz - 680MB * Rhythm tempos are: 100, 120, 135, 145, and 160 bpm * Each file contains 2 bars format - 2 rhythms variation on every file. A marker is set in the middle of the file, so you can easily mark each rhythm within the file with your sound editor program. * No Effects (like a Compressor or Reverb or any other) was added to the files, so you can dress your own effects as you please on each file. * Every folder contains many variations of the same basic rhythm - played from simple to extrem variations. tempo folder name (100) Electric Bongos Glitch Breaks (120) Electric Darbuka (120) Electro Glitch [A] (120) Electro Glitch [B] (120) Ethno Breaks (120) Ethno Breaks [B] (120) Rock (120) Rock [B] (120) Soft Electro Glitch (135) Brouhaha Mess (135) Sophisticated Rock (145) Break Hop (145) Electro jungle (160) Crazy Jungle
