BOUND BEATEN and BROKEN: Take a one man punch bag, bind him tightly with rope, and then suspend the poor victim from a hook above a full size boxing ring. Then introduce to him a sexy young blonde female called MEAN MARINE, who just happens to be a very skilled semi professional kick boxer and MMA fighter who has little or no pity, and what you get is approximately 8 minutes of some of the best extreme torture and physical abuse that anyone could take. Therefore, sit back, relax, and watch in horror, as this mistress delivers no mercy humiliation, total punishment, and her own brand of personal destruction as her male victim screams, begs, and pleads with her to stop this senseless onslaught.
