A fascinating experience based on "The INFLUENCE of the BLUE RAY OF THE SUNLIGHT" and of the BLUE COLOUR OF THE SKY, in developing animal and vegetable life; in arresting disease, and in restoring health in acute and chronic disorders to human and domestic animals as illustrated by the experiments of Gen. A. J. Pleasonton, and Others Between the years 1861 and 1876. A number of months ago, I developed a frequency emulation set of this curious phenomena. I also tested these frequency prototypes rigorously over many many months and have been extremely impressed with their results, and to date I have personally found that these frequencies seem to deliver many similiar apparent benefits and results as documented in the literature surrounding Solar Sun Baths through Blue Glass. This kit contains FOURTEEN separate frequency audio tracks which may be used individually or together in a looped sequence. Each frequency contains the similiar essential encoding but is delivered in different energetic geometries to allow optimal absorbtion for different states, calming, energizing, etc. For a more indepth historical reference see the following text and the provided link ; A common phenomena for members is that when they start to notice dramatic positive effects occuring, such as increase in energy, well being, etc..... they sometimes note a coppery or zinc like taste occuring in the back of their mouths.... I found it very interesting that the article, whose link I post below (and see previous post of mine on blue solar baths) shows an excerpt of which detailing a similiar experience form those using curious colored glass sun baths.... read the below ; earthclinic.com/Remedies/blue_and_sunlight_therapy.html "2. I exposed, about a year ago, a man suffering with severe rheumatism to the influence of the blue light through two glass panes. He felt, after fifteen minutes, much relieved, and could move about without pains, but complained of a nasty metallic taste on his tongue. The same happened to a friend who visited me during odo-magnetizing sugar of milk, when I placed his hand in the blue and violet rays of the prism. "Dr, Hardis, assistant physician of Dr. E. B Foote, has the same metallic (copper) taste, whenever he takes some of my odo-magnetic sugar of milk, on his tongue; also Dr. Fincke, a highly educated and reliable physician in Brooklyn who experimented a great deal with od-force produced by the blue and violet rays of the prism, and who placed the hand of a man within these rays, and the latter complained of

having a taste like verdigris on his tongue. SOLAR BATH through BLUE GLASS - KIT SAVE \$101.61 off the individual list price total for all of these tracks, normally ; \$179.58 All 14 tracks are included for the low price of \$79.97 AND I have intentionally kept a number of the tracks in this kit at the lower than average cost per, of \$9.97 just to get this into more peoples hands.
