Seth has performed across two continents with an arsenal of 8 bit weapons, which include a Commodore 64 and 128, a couple of Nintendo Gameboy classics, an Intellivision synthesizer, hybrid lo-fi acoustic-electric drums, and an assortment of other vintage and toy synthesizers. Inspired by classic videogame soundtracks and electronic music from the 70s and 80s, 8 Bit Weapon delivers a sound that is as unique as it is original. Clever melodies, nostalgic atmosphere, and energetic beats create a decidedly modern sound while maintaining a fun, lo-tech aesthetic.
