

# Mp3 If These Trees Could Talk - Rock: Instrumental Rock

[DOWNLOAD HERE](#)

A non-lyrical exploration of emotion. 6 MP3 Songs ROCK: Instrumental Rock, METAL: Dark Ambient/Noise Details: Like the Six Parts Seven, another area group known for its rock soundscapes, Akron's If These Trees Could Talk proves in its self-titled six-song debut that you don't need vocals to ooze emotion. In fact, lyrics would only get in the way of the Trees' dense, flowing sound. This album emotes like Explosions in the Sky, rocks like Tool, and breaks and builds like Godspeed You! Black Emperor. The crystal-clear production and flawless musical performances make this a local instrumental album that stands high above the mire. by Joe Minadeo Scene Magazine
