After years of pioneering my own online business, I discovered a truth that, initially I found it hard to believe, but now comforting to know. **YOU DONT HAVE TO BE EXCEPTIONALLY SMART OR TALENTED TO FIGURE OUT HOW TO MAKE MONEY ONLINE!** To start making an impact on your business and monthly bottom-line, all you have to do is simply do the few things that will change your tomorrow. is that good? What Took Marketing Experts Years Will Now Take You Just 3.5 Hours To Learn: **MODULE 1: NICHE MARKETING MADE EASY** Dont know what product to sell yet? Dont know what specific business to be in? Dont consider yourself an expert in anything yet? This is the next most important sub-course! **MODULE 2: CREATING YOUR INFORMATION PRODUCT** When we talk about product in the workshop, we are referring to digital products. Product creation sounds intimidating to many beginners. This is why a lot of new marketers want to start with other ways of making money online like affiliate marketing, Adsense, etc. The truth is that product creation takes just as much effort as starting an affiliate business or publishing Adsense blogs or websites. Yet the rewards are exponential. +PLUS you will discover that it is also virtually possible to have your own digital product created overnight! **MODULE 3: ONLINE COPYWRITING PERSUASION** A popular adage in Internet Marketing goes: most people are one sales letter away from wealth. If you want to be rich, you must know how to sell. Fortunately, the Internet makes it possible for you - or anyone - to be able to sell 24/7... on 100 automation! How is that possible? By having your own website acting as your own virtual salesman! This is where the art of online copywriting kicks in. Your Traffic And List System discusses how to put together your website for optimum effectiveness, optimum profits and optimum automation. Through the IM Guerrilla strategies and tactics, you will learn how to get repeat, recurring customers! The reason is simple: it is easier to get the same customer to buy from you vs. acquiring a new customer. As a matter of fact, for many of the successful businesses out there, they are getting easily more than 60 - 80 of sales are from the same customers - over and over again! **MODULE 5: EMAIL MARKETING SECRETS** So you have your mailing list. Now what? Its time to milk it for everything its worth. Problem is, amatuer marketers approach their hard earned leads the **WRONG** way. This is what truly separates the winning top marketers from the rest of the third-raters... **MODULE 6: BLOGGING POWER!** Dont underestimate the power of blogs; this is how many niche marketers and even some of the top E-Commerce companies in the world get their natural flow of targeted traffic and build their brand! Blogs can influence the way your prospect perceives your authority. Blogs can send all the traffic you need to monetize from. technically challenging... until you check out the controversial business advice I have to offer in this course. The newbie barriers have been knocked down, and level of entry to become the next Internet Marketing Millionaire is lowered... so you can finally... **Enrich Your Personal Economy!** Did you know that a lot of the richest people in history were made during the toughest of times, like the Great Depression back in the 1920s? Now that the dot com opportunity has presented itself to us today, there is no time before more exciting than now. The knowledge to build your own million dollar empire from virtually thin air is staring back at you. **Will YOU Become The Next Internet Millionaire?** To be frank, I could very well start a coaching program or workshop based on these materials you are seeing right now, and charge \$2,997 per head. And if you ask me - its well worth every dollar spent. **If You Invest \$2,997 And Get A Return Of Hundreds Of Thousands, If Not Millions, Of Dollars In The Form Of Your Very Own Online Recurring Cash Machine... Will You Do It?**

Why not? Fortunately, it wont cost you anywhere near that amount. As said earlier, if I start a seminar or workshop, this would limit my reach to just my local area. And having been so used to the lifestyle of an Internet Millionaire, I wouldnt want to spend so much effort organizing a workshop, try to convince people in, blow my bucks away on newspaper advertising (when I can do this for FREE online and get 10 times the exposure... Ill show you how to do that too)... You know where Im leading you up to. I could very well package this into a home study course, ship it to your house and can learn everything you essentially need to know about making money online for \$997. Hey, that could work too. But no. Because I am serious about touching more lives and helping people change their financial fortunes - even if its a bit - Im willing to go all the way.
