Powerful, romantic melodies to fulfill adventurous imaginations. 13 MP3 Songs NEW AGE: New Age, EASY LISTENING: Mood Music Details: If you have enjoyed Rada's previous 3 cd's this one gets even better. Musically all the melodies are completely different. Some of the songs have as many as 3 -4 different sections and different meters. Four of the songs actually have lyrics so if you are a singer please request the lyrics and/or music score with lyrics. As always the songs are available in a songbook purchased thru Rada. While there is a lot of piano music written not all of it falls into the beautiful, intriguing sounds that Rada has put together. Her music comes from her soul and her families' immigrant experiences. As she looks back on the music she has written it becomes almost hard to describe from where the melodies have come. She is currently recording cd #5 with cd #6 in the wings.
