

Mp3 The Amazing Spider-man, A Rockomic - From Beyond The Grave

[DOWNLOAD HERE](#)

Nominated for two grammys this digitally remastered classic rocks. The ultimate rock n' roll "audio" comic book. Nothing else sounds and looks so "Marvelous" when played on a Video Ipod. 2 MP3 Songs ROCK: Psychedelic, KIDS/FAMILY: Children's Pop Details: THIS CD CONTAINS MP3'S AND WILL NOT PLAY IN A REGULAR CD PLAYER. --CD Baby Vashti Productions, A licensee of the Marvel Comics Group, today announced the imminent release of the 25th anniversary, MP3 Collectors Edition of Buddah Records ground breaking album The Amazing Spider-Man, A Rockomic. Originally released in 1972 The Amazing Spider-Man sold more than 100,000 units during the first three days of its original release. To insure that the MP3 Collectors Edition of The Amazing Spider-man, A Rockomic satisfies todays 21st century Marvel fan, the original analog recording has been digitally remixed and re-mastered to appeal to todays super sophisticated audiophiles, Spidey fans and Marvel Freaks. Finally, the MP3 Collectors Edition of The Amazing Spider-man, A Rockomic contains a download able, super Scroll Motion digital comic book that turns the original album art - drawn by the legendary John Romita - into a virtual e-comic that can be downloaded and manipulated in your Video iPod or computer. The Amazing Spider-Man, A Rockomic can be purchased online as a digital download from I-tunes and other digital distributors or purchased on CD by contacting [slemberg@ nyc.rr.com](mailto:slemberg@nyc.rr.com).
