Psychedelic Lounge 9 MP3 Songs ROCK: Psychedelic, EASY LISTENING: Lounge Details: The Stevedores live in a house together in downtown Madison, Wisconsin. We moved here from New York City in June 2006. It has been an extraordinary and tumultuous year. We recorded Tamuawok. ourselves over the course of October 2005 - May 2006 with the excellent and indispensable aid of our friends Matt and John. This is the first full album that we have ever released, and we're really excited about it. Tamuawok. is our parents favorite album.
