"hard-nosed, soft-hearted country-founded rock pushed down the road by a driving rhythm section and an acoustic guitar's unrepentant major chords but guided to safety by expansive lovelorn narratives" 6 MP3 Songs in this album (21:07) ! Related styles: COUNTRY: Alt-Country, ROCK: Folk Rock People who are interested in Bruce Springsteen Ryan Adams Conor Oberst should consider this download. Details: American Aquarium has made a GREAT record though, and it is the recorded live to tape EP, Bones. Recorded in a friend of the band's living room, straight to tape with no overdubs, the six song EP not only captures the band's soul, but also features some of Barham's best writing. Written in the wake of a recent break-up, the six songs feature a familiar theme of Barham's, the women that either got away or did him wrong. This is the kind of record that legends are made of. --Twangville.com
