Country rocker Mike West tells stories of, mistakes, apology, wonder, and resolve. 12 MP3 Songs
COUNTRY: Country Rock, EASY LISTENING: Soft Rock Details: I decided I'd like to be a singer, songwriter, record producer, like PuffDaddy!-except with cowboy boots and no hip hop! I figured I would probably need a record album to showcase my "feelings" and my talent, and to catapult me to stardom. So, although it sounded like a LOT OF WORK I began to write FURIOUSLY. And amazingly enough, IN NO TIME AT ALL (well, actually, about 10 years) I had a collection of songs and I was ready to start the recording part. Next I had to name my project. I thought THE AMAZING, SOMEWHAT TALENTED, NICE-LOOKING, OLDER GENTLEMAN WHO PLAYS GUITAR FOR PEOPLE SOMETIMES AND THEY LIKE IT seemed like a pretty good one, but since I'm such a horrible typist, I shortened it to ORDINARY MAN. In any case, here it is. Twelve stories of life from different points of view. Hurt, awe, disbelief, and joy, on one compact disc. I humbly offer my work for your approval. I hope you'll sing along. go to mikewest.biz for more about Mike West
