Details: Listen as wordsmith and sage Mt.Sinai weaves 15 years of study spiritual practice into a tapestry of sound. Delivering a message which resonates in the heart and mind, Sinais recorded music and healing energy-charged performances assist in the spiritual evolution of the listener, and the world. Mt.Sinai makes music for those who seek, and those who struggle. He provides a soundtrack to those in search of peace and light, as well as those who live in darkness and chaos. Having experienced the extremes of the spectrum, Mt.Sinai is able to entertain as he guides the listener toward the calm center we all seekconsciously or unconsciously. Mt.Sinai was born in the mid 70s, grew up on the lowest rung of the middle-class ladder, and came of age with punk, skateboarding, chaos rebellion. But before death or a jail cell could capture him, he found focus with the help of music and spiritual practice. A true student of life, Mt.Sinai is the high school dropout whos teachers always said how smart he was. He is that corrupted soul that sought inner peace instead of accepting the hard earned ticket to hell that had his name on it. Through much study, spiritual seeking, and practices that include eastern philosophy, meditation, and Freemasonry, Sinai worked to cultivate an understanding that allowed him to find peace with himself and the world around him. Always growing and moving forward, Mt.Sinai aims to better himself and the world around him, while always accepting the moment for what it is For the past 10 years Sinai has dedicated himself to helping others by channeling the wisdom from his personal practice and study into his music, and live performances. After releasing almost 50 tracks on 3 collections called the Wise Hip Hop Mixtapes, Sinai has final brought his vision into focus with what he considers his debut album: Beyond Words. Beyond Words bridges the seemingly expansive gap between New Age and Hip Hop by effortlessly fusing the two worlds that have most influenced the artists personal life. In doing so, he also brings together generations which often do not see eye to eye, but have much to offer each other. This is part of Mt. Sinais effort to increase understanding in order to raise the consciousness of the

masses.
