Alienation Klezmer Bund = Radical Yiddish Song + American Gothic Folk + Punk Cabaret + Klezmer
Danse Macabre = Verfremdungsklezmer Bund 12 MP3 Songs FOLK: Angry, WORLD: Judaica Details:
Fronted by Jewish-Detroiter singer-songwriter Daniel Kahn on vocals, accordion, piano and guitar with
East German Johannes Paul Graesser on fiddle, US expat composer Michael Tuttle on upright bass and
a rotating roster of some of Berlin and New Yorks best young Klezmer and Balkan players, the band was
formed in Berlin in fall of 2005. Guest artists on the CD include NY downtown Tsadik players Brandon
Seabrook Eric Rosenthal (Naftule's Dream), Holland's rising yiddish folk diva Niki Jacobs (Nikitov), and
members of Berlin's "Grinstein's Mishpoche" and "Shikker Vi Lot." Like the grotesque Jerzy Kosinski
novel from which they take their name, The Painted Bird reminds us that even if man is only an animal,
he can still sing.
