"Discover What Many Consider The Fastest And Easiest Way To Dramatically Increase How Much Money Your Website Makes" The Instant Testing Toolbox... Within 25 minutes from now, you could have the split-testing code on your website, you could have two pages competing against each other, and you could be tracking automatically to find out EXACTLY which page makes you the MOST MONEY. Now don't worry - you don't have to be technical at all to use this code, and you don't have to be a 'marketing superstar' to make sense of the numbers - it's just like flipping a coin - sometimes it's going to land on one side, and other times on the other side. BUT - unlike a coin, testing should not give you even results - one page should show itself to be a definite winner. This is your MONEY PAGE - the one that will dramatically increase your profit with no extra work. Sound good? Here's how you can start using this code and skyrocketing your profits... The powerful Split-Testing code and "Testing Mastery Tactics" come in the form of five videos you view directly at your computer. I've called this set of coaching videos Website Conversion Mastery: These five videos come to a total playing time of 62 minutes. Here's what you get: Video One (9 Minutes) This video talks you through a detailed introduction to split-testing and EXACTLY what you need to know to profit the most. Video Two (12 Minutes) Here you get JavaScript code you can easily add to your website to discover which type of headline, copy and design really makes YOU the most money. Video Three (16 Minutes) Here I'll talk you through exactly how to add the code to your website plus I'll show you a live example of one of my sites and exactly how I add the split-testing code to it. Video Four (12 Minutes) Here I'll talk you through a service that you used to have to pay $400 per month for, but that you can now get for FREE. Plus I'll show you how to install and use this service to track EXACTLY what's working (and what is NOT working) on your website, as it happens live! Video Five (13 Minutes) Here I'll include even more code for you - PHP code (I'll explain what that is if you're not sure - it's dead easy) that you can add to your site instead of the other code - and why this can sometimes work even better. For PC's Only - Not For Mac A Great Product + Resale Rights = BIG Profits For YOU I'm sure you know there's a ton of eBook resale rights around these days. BUT - if you really want to make money selling an eBook you have rights to, you need: * A very high quality product. * An effective

sales letter. * A professionally designed website with great looking graphics.
