Polish Polka Pioneers 22 MP3 Songs WORLD: Polka, FOLK: Power-folk Details: Chudoba collects and rearranges folksongs from the Polish mountains, from the Czech Republic, from Bulgaria, Serbia, the Ukraine and especially from the lemkish region in the southeastern part of Poland. The band sticks to a broad variety of acoustic instruments like accordion, flute, mandolin, double bass, dulcimer, jews harp and guitar. They still play their music with a lot of joy and passion. Two records have been released in Poland so far: Gray Muzyka (Play this music) and Nasza Polka (Our Polka). Krzysztof Opalski left the band in 2000 and formed another another one, which is called BURAKY.
