..... Dear TradeBit Friend:

Yes!.. You too can start making your own 'Guru-Style' One-Time Offers even if you've never made one before! If you've been purchasing products online or selling them, you have likely experienced One Time Offers. To setup a successful and high converting One Time Offer, you need to plan it out carefully. The biggest mistake I see people make is jumping onto this bandwagon and just picking any product they see and turn it into a One Time Offer... But once you understand the psychology behind why buyers purchase OTO's and why certain OTO's are more successful than others, I guarantee that your OTO's will begin to convert better for you.

What is a one-time offer (OTO) and how can you benefit from it?

..... An OTO is a proposal made to a potential customer when they have a single chance to buy something. Since the arrival of direct marketing, OTO's have gained popularity. Why? Because the one time offer is one the most powerful marketing tools available today. Using the one time offer, you have the power to increase every purchase your customer makes, time and time again...

..... A One Time Offer Is Something That Can Make You A LOT Of Money... But only IF You Know What You Are Doing!

..... In this video series, you'll have access to 7 content packed videos that will show you how to really create One Time Offers that convert. What makes this video series different than the rest? Unlike most videos that just go straight into showing you what to do, you will be shown the psychology behind this material, why you need to do it, and what you must avoid. Once you get a better picture, it will stick in your minds forever you will succeed at a faster rate. * Video 1: What Are One-Time Offers? * Video 2: The Psychology Behind Successful

One-Time Offers. * Video 3: The One-Time Offer Flow Chart. * Video 4: Live Test Example. * Video 5: Creating Your Offer Page And Download Page. * Video 6: Connecting Your Front-End Offer To Your One-Time Offer. * Video 7: Using Scripts To Make The Process Easier.

..... Once you've got your one-time offer correctly set up you will... * Increase the number of sales transactions on every product you create... * Increase your profits on every sale you make on your main offer!.. * Increase your daily, weekly, monthly, and yearly online income just because you added one small alteration to your sales funnel!.. * Increase your chances of getting affiliates to willingly promote your product simply because you've got more offers in transaction which means more commission for them!.. * Finally have the confidence to put together a one-time offer that's worth while! No more second-guessing your business and whether or not a technique works. This is the real deal!.. * Finally have the skill to put together a one-time offer suited to your main offer. Not only that but with a bit of practice you'll be able to see one-time offer opportunities arising everywhere!.. * Finally make your Email promotions pay off just because you added a one-time offer to your sales funnel! Even if you've got a small list, you WILL benefit from this because you'll get paid extra from the same customer, rather than finding new ones!..
