This is only for sale by digital download. It will be up on iTunes soon. 3 MP3 Songs URBAN/R&B: Rhythm Blues, BLUES: Blues Vocals Details: Singer Frank Stallone is back with his Take You Back ( Street Corner Song). Frank made this song immortal in the famous scene in the first Rocky, in the scene when Rocky is walking down the street and runs into the boys singing Take You Back Do Do Do Do. The same song is back in Rocky Balboa in the opening of the film over the credits. Frank say's it was a total surprise to me when they told me about it being in the film. After 30 years it is still one of my most requested songs.
