Alternative hip-hop blending interstellar rhymes with live instrumentation 13 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: West Coast Rap Details: With Wackacon forces gathering on all fronts, Optimus Rhyme returned to their underground sonic laboratory with AutoBeat technician Jack Endino(Nirvana, Soundgarden) to produce their latest manifesto, School the Indie Rockers. Blending sci-fi themes with observations on everyday life, Optimus Rhymes second full-length album tackles subject matter ranging from local traffic law to the idiosyncrasies of artificial intelligence. Optimus Rhymes unique style has earned them a spot among the biggest names in nerdcore hip-hop, but theyre not satisfied with ruling geek culture. With this album, Optimus Rhyme is setting their sites squarely on the prize held by the Indie Rock oppressors that have ruled their city for far too long. School the Indie Rockers will become the rallying cry for the next generation of AutoBeat Allies rolling off the assembly line.
