

Mp3 Larry Unger And Ginny Snowe - Waltz Time

[DOWNLOAD HERE](#)

A lovely collection of original waltzes, arranged with imagination by Larry Unger and Ginny Snowe. The waltzes variously evoke the sound of jazz, vintage ballroom, Latin, Klezmer, cowboy, or honky-tonk..." Country Dance and Song Society 18 MP3 Songs FOLK: Traditional Folk, WORLD: World Traditions Details: "Stop! If you think a collection of eighteen waltzes sounds tedious, think again! There is a lot of music going on here, as composer and guitar genius Larry Unger invites fiddlers Mary Lea, Elke Baker, Matt Glaser, Ruthie Dornfeld, Amy Richardson Larkin, and keyboardist Ginny Snowe to exercise their seductive musical wiles on some of his nicest tunes. Percussion effects are added by Lee Blackwell, Daniel Moncada, and Sarah Tenney to give the tunes here just the right blend of danceability. It's hard to choose from so many beautiful moments."
