

Mp3 Ray Owens - Songs That Lift Up Jesus

[DOWNLOAD HERE](#)

Original Country Gospel Music. Songs that lift up Jesus and bring glory to HIM . 14 MP3 Songs GOSPEL: Country Gospel, GOSPEL: Traditional Gospel Details: This is the Fourth project by recording artist , Ray Owens. As The Title states, these are songs that lift up Jesus and bring glory and honor to him. It is only by the grace of God that myself or anyone is allowed to write songs or sing so I pray that this collection of songs brings the listener closer to the LORD and that all are blessed by these messages in song. 11 songs on this recording were written by Ray Owens with the help of the LORD and I am thankful that he uses me in this manner and am grateful to be able to sing them as well. The song, "Who Put The Color In The Rose ", was written by my former pastor ; Rev, J.C. Hibbard, who pastored the Gospel Lighthouse Church in Dallas, Texas for many years before going home to be with the LORD. Also the medley, "I'm Going To Heaven / Heaven ", Brother Hibbard and Walt Mills used to sing together. On this recording producer Mike McClain and Ray Owens sing the duet. One of my favorite hymns of the Church is included as well, "Just Over In The Gloryland". Most of the Music tracks were made by Tim Lovell of Lion Of Judah Music, Kingsport, TN with the exception of the first track was produced by Mike McClain of Garland Texas who also produced all the vocals. Singer / Songwriter Ray Owens, was raised and has spent most of his life in the town of McKinney, Texas. He spent the years growing up in church and going to Gospel Singings. The love for Jesus was instilled in him at an early age. He always enjoyed good gospel music and attempted to play drums and guitar in his younger days. His love for music and ability to sing surley is inherited from his Mother, Mary Owens, as she and her sister sang in chuches also. The LORD started putting songs in his heart to write about 1982. Even though he had not learned to play an instument the words and melodies flowed through his soul. All the praise and honour goes to the LORD for it is only through Him that we live, move, and have our being. He soon learned to play the guitar with the LORD'S help. That is how the music ministry of Ray Owens began. He began singing in his home church, The Gospel Lighthouse of Dallas, TX and other churches in the area. The LORD blessed and allowed hi to record a cassette project in 1986 entitled , "Gonna Be Leavin". The project consisted of original material. The title song went to #2 on the Music Review chart of New York. His Next

project, "Touched By The Hand Of The Master", released in 2000 had two #1 songs as promoted by Glory Train Records. The songs were, "When We Sang The Glory Down", and "Long Gone". Also the title song was the song of the year 2005 on votlradio.com, an internet radio station from Livermore, Kentucky. Released in 2005 was the project, "Songs Of Yeserday And Today". The song "Yesterday and Today" also promoted by Glory Train went to #11 on the international charts. The recording also recieved good airplay on VOTL Radio. Ray also has a program on VOTL, "The Sonray's Music Program", heard on Saturdays at 2:00 p.m. and Tuesdays at 7:00 p.m. C.S.T.
