CLASSICAL: Contemporary, EASY LISTENING: Background Music Details: Music for Ballet Class: the Ballet Etudes CD provides ballet class music for ballet instructors and dance students. Hello, I'm Robert

Long, composer and pianist of the Ballet Etudes CD, my first ballet class music CD. I have been employed as a ballet class music accompanist with several studios over a period of about 20 years. In that time, I have worked with many wonderful ballerinas, teachers and students. Ballet Etudes came from my experiences and background and I believe it will be a useful and enjoyable aid to ballet instructors and

students. Ballet Etudes was released in 2000; and it has been a favorite for ballet classroom use, or private study. BARRE AND BATTERIE SELECTIONS PLAYED TWICE FOR CLASSROOM

CONVENIENCE I hope you'll listen to my music samples, and please contact me; I'd be glad to hear your questions and comments! CUSTOMERS PLEASE NOTE: A few years back, this CD was revised and

remastered in response to customer feedback. In its current format it has been much more successful. As a result, however, some of the liner notes information is misleading. To view and print an up-to-date
