ACID LOOPS NY DANCE New York Dance Sony Creative Software presents the New York Dance collection, an all-original dance music construction kit produced exclusively for Sony Creative Software by Doug Beck, one of NYC's hottest producers and remix artists. The New York Dance disc contains a perfect blend of contemporary dance music styles, including big beat, house, deep house, electro, jungle, and more. Take this disc and your ACID software to the gig for slammin' and freestylin', or settle in and create your own glittering opus. Stay true-to-form or combine these sounds from the underground with other sounds from our vast catalog to create hybrid tracks that extend beyond the horizons of clubland.
