Home to some of the best MC's to grace the game such as Jay-Z, Biggie, and Nas, the East coast has been known for its street inspired beats that consist of sharp kicks and snares. This kit has all that you would need to make some East coast inspired bangas instantly! You get the sharpest kicks and snares that East coast producers have been known for and you also get stabs that can transform a drum loop to a banga upon use. Get your hands on these drums and bang that street heat through your speakers! This kit contains 622 samples that contain kicks, snares, hats, open hats, percussion, effects, stabs, toms, crashes, and rides. These sounds were recorded and designed by professional engineers using Pro Tools for the best sample quality available. These samples have been processed with Waves processing tools and SSL compressors for more impact and presence in your musical creations. Many drum libraries tend to have overused fx, have digital distortion and lack clarity as well as the natural sounds that some of our favorite producers have come to use. Our samples are carefully picked, recorded, and fully analyzed to ensure that they are clear of these faults and have more live sounding feel which is credited to the drum sets, sound modules, and samplers which are widely used by award winning producers. You will notice the difference once you apply these sounds to your musical works and you will not regret it. This product is delivered digitally, so once the purchase is made you can get to making your hits immediately afterwards! Not only does this deliver the product as fast as your internet connection can provide, but it also saves you \$money\$ on shipping and handling charges. A broadband connection is recommended for this purchase to ensure delivery in a timely matter. **HARDWARE & SOFTWARE COMPATABILITY PRO TOOLS, CUBASE, CAKEWALK, ADOBE AUDITION, RECYCLE, SONAR, REASON, ACID, EXS 24, GIGASTUDIO, SAMPLETANK, HALION, KONTAKT, WAVELAB, SOUND FORGE, VEGAS, FRUITY LOOPS, NATIVE INSTRUMENTS, COOL EDIT, AKAI SAMPLERS, MPC 2000, 4000, 1000.
