Russian Jewish Bards from Israel Perform Klezmer Style Eastern European Music. 17 MP3 Songs

WORLD: Eastern European, WORLD: Judaica Details: The Theater of Song "Merhavim" (Ber-Sheva, Israel), created in Vitebsk in 1991, presents sad and joyous CD "Schastie Privalilo" that means "We've got a Luck!". And do you think, that all troubles are already behind?! Think twice, you may be wrong - this is Jewish Luck... Cry and lough together with "Merhavim" and hope for the better! Merhavim Group: Boris Blahman - author (lyrics, music) and performer (vocal, guitar). Marina Gershman - vocal. Elina Milkina - vocal, violin. Merhavim performance includes 11 theatrical shows recorded in studio and released on CD's. The music style is a symbiosis of bards music with Klezmer in modern instrumental interpretation. The unique distinction of Merhavim is their authentic revival of Eastern European Jewish music traditions. This is also reinforced by the deep roots of the folklore used in their songs: it is based on works of Sholom Aleihem, Isaak Babel, the inspiration of the art of Mark Shagal (who grew up in their native town Vitebsk) and other Jewish writers. Many of Boris Blahman songs were performed by other famous Jewish stars, one of them is well known Alla Ioshpe. The large part of Merhavim's art is about their life experience - voyage from "Cherta Osedlosti" (the Jewish Pale) to Promised Land. And don't worry, as soon they got to the the Promised Land - then the whole story begins!... You may be confident that insightful and ironical eye of Merhavim will tell you these fascinating stories of their new life in Israel - just brace yourself!
