If you like the type of pop music that is masquerading as "punk rock" then we might be a little hard for you to stomach. 15 MP3 Songs ROCK: Punk, ROCK: Grunge Details: SOCIETY GONE MADD!, is from Southern California, and is Rob on Bass Vocals, Dennis on Guitar and vocals, Walter on Guitar and vocals, John on Drums. We started around late 1986 or early 1987, with Steve on vocals, Rob on bass, Walter on guitar, and Nick (from Conflict from Arizona) on Drums. Sometime late 1987, we wanted another guitarist and we found Dennis. In 1988, we recorded our first demo at the place we rehearsed at, which I believe was a studio that The Association recorded some of their records. It was recorded by Lee of Dionysus records who helped us a lot at the beginning. In 1989 we recorded in our first LP What Do You Care? It was recorded by Brett Gurewitz of Bad Religion at his studio in Hollywood. Society Gone Madd! started out as a five piece band and have only had a few personnel changes to bring them to their final four piece line up. We were always totally "do it yourself", we released all our records and booked our own shows. Other releases are "Save Room For Dessert", "Society Gone Madd!" 7", "Bright Future?/Live on KXLU" CD, Live on KXLU 7" on green vinyl.
