old-time country sound 8 MP3 Songs COUNTRY: Traditional Country Details: Jim Hightower Sings and Writes What He Feels My first album -recorded in Mountain View,Arkansas in 1991. When I arrived at Dave Campbell's studio and heard what great musicians that were to back me, I was scared to death. They were Tim Crouch and James Cornwell, two of the finest. I figured they would get a big laugh out of my little songs. Also I had some of the songs written on paper sacks. Dave Campbell did the arrangements and engineering, also bass guitar and harmony. They not only did a great job backing me, but made an ol' country boy feel at home. There's some good fiddle, dobro and flattop pickin' on this'n The Old Marine: Dedicated to J.D.Newsome -5TH US MARINES My Uncle Joe: Dedicated to Joe Burl Hightower-US Army 36TH Div.
