STUDENTS NEED THIS! Enhance powers of MENTAL STAMINA, induce feeling of enjoyment over studying and thinking deeply in solitude. Induce discrimination, rationality. Focus on the nuts and bolts of information and communication. See through confusion and fuzzy thinking in poor logic. Enhance organizational thinking, precision and use a methodical approach. Enjoy and excel working on mental issues that others may find tedious, too technical or repetitive. Supports the mind to become adept at specialization in some field of knowledge and to love being immersed in all small details of the given topic.
