

## Mp3 Dan Baker - Outskirts Of Town

[DOWNLOAD HERE](#)

Americana at its best. This record is stripped down to the bare essentials of what folk music should be, masterfully crafted songs, with unforgiving lyrics, and a live in studio sound - a rare find in today's acoustic music. 10 MP3 Songs in this album (43:13) ! Related styles: FOLK: Alternative Folk, COUNTRY: Americana People who are interested in John Prine Bob Dylan Mary Gauthier should consider this download. Details: An emerging artist in the Boston singer-songwriter scene, Dan Baker is becoming a name to remember around town. With nothing but his weathered voice and a beaten up six string he has been mesmerizing audiences throughout the northeast. Born in Fort Worth, Texas but raised in Boston, Massachusetts Bakers music takes on the qualities of both worlds, simple country songs of the south mixed with the strong folk scene of the north. On his debut CD "Outskirt Of Town", Baker combines some of Bostons finest musicians with his impeccable songwriting. The result is an album truly worthy of praise with songs that will dwell within the listener long after the album has ended.
