He's talented, hardworking and his extraordinary vocal range delivers a fine mix of funk and soul." Tamara Allegra Conniff/Executive Editor/Billboard "Geoff has everything going for him. He's got immense talent, good looks, a superstar personality and most important of all for us radio folks, a great song, "Silver Plated." It's a perfect fit for Hot AC. I'm sold on Geoff Byrd! Alisa Hashimoto, Music Director, KPLZ Seattle. "We all listened to the song and it is one of the best to come out of the Northwest in a long time!

Best of success!" -Kent Phillips, Program Director KPLZ, Seattle. "Geoff's sound is exactly what this format needs! Fresh, unique and most of all, memorable. Geoff Byrd is the next superstar at the Hot A/C format!" Dan Persigehl Program Director, KRSK "The Buzz," Portland "Geoff Byrd is truly a breath of fresh air but at the same time reminiscent of the glory days of the best pop and soul. He covers the entire spectrum of what it takes to be a great artist - infectious melodies, pop in it's finest and most basic form, vocal deliveries from the heart, and a tornado of soul especially when seen live. Geoff was an absolute Star!" Jon Pleeter, CAA "GarageBandreceives daily submissions from 120,000 bands, and every song gets rated by randomly-assigned members from our community of 450,000 listeners. Out of hundreds of thousands of songs, a few good songs rise up the charts because hundreds of listeners have consistently given them high ratings. It's rare that GarageBandsees an artist with such outstanding ratings as Geoff Byrd. Out of a deluge of submissions by hundreds of thousands of musicians, Geoff's music has consistently risen to the top because hundreds of randomly-assigned GarageBandlisteners have consistenly given it high ratings. Geoff Byrd has not just one, but three songs in the top 10 of GarageBand.com's "Pop" or "Pop/Rock" charts, an exceptional accomplishment for any artist." Ali Partovi, CEO, GarageBand.com "If good looks and a little bit of talent are all you need to make it big in pop music, then Portland recording artist Geoff Byrd is one step away from his own platinum paradise. Standing well over six feet 6 inches tall, with chiseled good looks and a face that screams both boy next door and rebel without a cause, Byrd is a looker, but like his debut record Candy Shell, theres a lot more substance inside this indie rocker once you make your way passed the sugary sweet exterior. Hes zealous, warm and sincere rarities in the often fake and fickle world of the music industry." LA Independent Read the whole article here. I JUST LISTENED TO THE NEW GEOFF BYRD CD, AND I THINK HE IS THE BEST NEW SINGER SONGWRITER I HAVE HEARD IN A LONG TIME!!! RUSS REGAN (former president of Motown Records, signed Elton John, named the Beach Boys, responsible for over 1 BILLION records sold and countless hits!) "Geoff Byrd is one BIG-sounding indie artist, complete with quality songwriting and impressive vocals. He has a sound any Major Label would be proud to market." Paul Loggins (CEO, Loggins Promotion / Editor-Publisher, New Music Weekly) "We're really picky about what goes on the front page. We get about 75 new albums a day coming in here now, (about 30,000 total), and yours is one of the best I've ever heard." Derek Sivers, CDBaby President/CEO cdbaby.com "From the moment this tall, lanky lead singer opened his mouth and started to sing, I knew he was a "hit waiting to

happen"...any lead singer that can stop me in my tracks when I'm headin' out the door has gotta have some serious 'magic' that borders on 'spooky'..which is exactly what you need to get to the top of the mountain that "is" rock n roll" Benny Mardones, (singer/songwriter, hit song, "into the night," 6 million records sold)bennymardones.com "Geoff Byrd is incredible... he's an unscratched multi-million dollar lottery ticket... one of the best songwriters/singers/producers I've heard, and he's also a great guy. 3 million sold in the next year. Remember who said it first!" Ced Moore CEO American Skye Records/Aspen Agency, record producer/songwriter (Usher, 2pac, 112, Nivea) {Over 15 million records sold} "Geoff Byrd is the real deal. "He is Elton John, the Beatles and the Bee Gees all wrapped up into one charismatic package. He will soon be his own institution in this business mark my words!" Norman Ratner, (#1 Hit Producer, Co-Founder of the Rock and Roll Hall of Fame, millions sold) "Geoff Byrd has real talent, I get in 200 tapes a day and this guy stuck out immediately, he needs to be all over the radio...great songwriting and great vocals!" David Moody, (multiple Grammy Award winning producer) "Geoff's got a great sound and if there's more where that came from, he's more than likely to be one of 2005's Newest Star's!" James Baker Music Director, KIOI/STAR 1013 San Francisco "Geoff Byrd is a Class act! Music that finds a friendly ear appealing to all generations. Geoff's lyrics are unforgettable, his music is unstoppable, his style: timeless. Geoff's music is time passages of his life experiences that we all can relate to. His music is refreshing, unique and instantly liked! We are extremely picky about who we play on our radio station. Without a second thought and within a blink of an eye, we knew Geoff Byrd had to played daily on our station. His CD Candy Shell is a must have for any music lover. Soon, you too will be singing every word of every song. It's that GOOD!" Doug "Dougo" Sims, Manager/On-air Personality/host of Rising Star 103.7 KESC, Oklahoma "Soulful pop songs from an up-and-coming singer who has earned comparisons to John Mayer. Based on his melodic falsetto alone, we can say this may not be enough of a compliment." The Oregonian "A solo performer with expert backup and producer (Steve Sundholm), Byrd has a terrific pop voice that's well suited to his material, which aims for mainstream radio. "Silver Plated" is a straightforward, mid-tempo cut that's flawlessly mounted. "Elusive Butterfly" shows Byrd's voice can easily take flight when necessary." Music Connection "I once heard that Rivers Cuomo from Weezer carries around a three-ring binder full of spreadsheets and diagrams - dissections of songs - which he studies in an effort to uncover the formula for the perfect pop song. I get the feeling that Portland's Geoff Byrd may have gotten his hands on this binder and added the crucial

missing ingredient that Rivers Cuomo will probably always be too off-beat to ever provide - mass accessibility. The pop purity is flawless and the production and performances are top-notch. Including a cover of the Bee Gees' "How Deep Is Your Love", "Candy Shell" is eleven perfectly crafted tunes, smoothly sung and undeniably radio friendly. All this release needs is a little marketing money and Carson Daly's televised approval. In fact, if these songs aren't all over the radio within six months, someone somewhere did something horribly wrong. Mark my words." Pomn.com "Byrd has a genuine gift for melody. Byrd comes with impeccable influences (Beatles, Elvis Costello, Bee Gees, Prince and Al Green), which helps to explain his tuneful songwriting. It doesn't hurt that Byrd has a fine band backing him. Steve Sundholm's crisp but never-too-slick production showcases these tight, pop-rock confections to their greatest advantage. Byrd seems very much his own man, one who excels in the kind of tuneful pop-rock songs that would be Top 40 material in a better world." Goldmine Magazine "appropriately described as John Mayer with more conviction and a heck of a lot more guts, or perhaps Coldplay on too much caffeine. This album doesn't beat around the bush when it comes to instantly grabbing, mind-filling pop rock with a three-dimensional presence to encompass both light and dark. While the production and texturing sparkles, this isn't your overly-glossed pop candy; it comes with many tastes and satisfies a full palate...first sweet, then buttery with body and finally goes down with a creamy satisfaction. Definitely a mood lifter!" CDBaby (Geoff Byrd: "Candy Shell" TOPSELLER) "Not many ballads make it into the rotation of Popbang Radio, mainly because power pop means energy! But in this case, Geoff Byrd has made an exceptional ballad reminiscent of the best stuff by Eric Carmen, Kyle Vincent and ELO. Wonderfully sung and perfectly produced, "Frozen" is just one of many strong tracks on the excellent "Candy Shell". Do not let this artist slip by your ears." Popbang.com "Geoff Byrd (and his stalwart backing band) are destined for very big things. His songs are memorable; the arrangements are tight as a drum. Geoff is an evocative vocalist gifted with a facile instrument, availed of a remarkable vocal range and depth of emotion. Success seems not so much a possibility for this talented young man, as a certainty." Two Louies Magazine "The right measures of pure talent, hard work and confidence have given Geoff Byrd "Candy Shell" an appointment with destiny and he will not be denied. The music is completely engaging friendly and they make one believe that it's all so easy. Geoff Byrd's lyrics never waste a word and his vocal deliveries are always in sync with the superb artists playing with him." Clickspin.com "Byrd has a versatile voice, including a fine falsetto, and he crafts catchy choruses." The Portland Mercury

"Geoff Byrd's music sounds like summertime. The lighthearted pop and breathy vocals found on "Candy Shell," his mainstream debut album, provide the ideal accompaniment to lazy days at the beach and Saturday afternoon lounging. A radio-friendly mix of John Mayer, Ben Folds and E, Byrd and his back-up band deftly perform their catchy melodies with practiced ease." Siren Song Magazine "Imagine a mix between Jellyfish, a young and horny Elton John and Ben Folds and you're there... and what a voice he has! Melodic madness... I just love it. A big bravo to Geoff, splendid work!" Melodic.net "I have to admit -- I LOVE this guy!!!!!! What's his name again?? My God, he is going to be HUGE!!!!!!!!!!!!!! What a voice - expressive, sexy, elastic -- I could go on and on. I dragged my husband Ben in to hear this and he said, 'Who the hell is that!?' and "who is writing these great songs and getting these great people" Producer, "Toddworld" The Learning Channel "Byrd Starting to Fly: Geoff Byrd is the first unsigned artist to be given air time on The Buzz, Portlands 105.1. The song "Silver Plated is off his latest release Candy Shell (reviewed in this issue) After winning the local Gimme The Mike contest, one of the judges, Sheryl Stewart, on air personality and Music Director at The Buzz, was so impressed by Geoffs talent she took his CD directly to her Program Director, Dan Persigehl. They then asked him to perform at a Buzz event with the Calling and Howie Day and the rest is history. There is a candy coated future For Byrd, he recently signed with booking agency Creative Artist Agency (CAA) generating interest from major labels. Signing Byrd was an unconventional move for CAA, which books tours for national acts including Maroon 5 and rarely takes on artists without major label support. Byrd said that he is excited about his bands future with CAA. "They just get it, they get us," he said." West Coast Performer "Geoff Byrd is the first pop star truly born on the internet! 472,600 Internet listeners can't be wrong!" Garageband "Local guitar popper Geoff Byrd sings elegantly and in key over catchy pop-rock jams, backed by an extraordinarily tight band!" Willamette Week "One of my favorite artists." Bill Wadhams, (AniMation, hit single "Obsession") "I am a big Geoff Byrd fan...great classic pop songs!" Pat Boone "I love playing and writing with this guy. He is the real deal." -John Oates "Geoff Byrd is a Goldmine! And the band is tighter than a condom!" -Isaac Hayes "One of the most talented singer/songwriters I have heard! I mean this guy is a star!" Phil Ehart, founding member of Kansas (30 million records sold) "From the moment this tall, lanky lead singer opened his mouth and started to sing, I knew he was a "hit waiting to happen"...any lead singer that can stop me in my tracks when I'm headin' out the door has gotta have some serious 'magic' that borders on 'spooky'..which is exactly what you need to get to the top of the mountain that "is" rock n

roll" Benny Mardones, (singer/songwriter, hit song, "into the night," 6 million records sold)bennymardones.com "One independent artist who seems to be making headway on his own is Portland, OR singer/songwriter Geoff Byrd. Labels are knocking, and the buzz is spreading through the radio community. Sheryl Stewart, music director at KRSK, "The Buzz" in Portland, OR explains: 'we suggested that Geoff add more guitars to "Silver Plated" and the next day, we had a new mix in our hands. We put it on the air, and it instantly became one of our most requested songs. We've since had Geoff open up for The Calling at our Cheap Date show. He and his band are on par with any national band out there!" Radio and Records Geoff Byrd's 5 favorite artists: Elton John Hall and Oates Elvis Costello Beatles Smokey Robinson Geoff Byrd's 5 favorite Songs: God Only Knows/Beach Boys Sorry Seems to be the Hardest Word/Elton John Bernie Taupin So Like Candy/Elvis Costello, Paul McCartney Goodbye Yellow Brick Road/Elton John Something/Beatles Other Facts: A former high school social studies and music history teacher at Reynolds High School in Troutdale Orgeon. Byrd worked at Dark Horse Comics in Milwaukie Oregon as a comic book colorist. Byrd is a motivational speaker and travels to high schools and teaches at risk youth how to gain clarity in following their dreams and teaches songwriting in public schools. Soon to launch "Songwriting Academy" in Portland Oregon that is both an in school and after school program teaching kids to write and record their own music. Byrd is currently in the editing phase, writing a book called Clarity
