FEATHERTOUCH: Music for Massage, Yoga, Reiki Spas Feathertouch is ambient, softly flowing music perfect for massage, yoga, relaxation, meditation, reiki Tai Chi and can also be used in sound therapy to open the chakras. The music starts in the key of C which is the root chakra, slowly moves up to D, the second chakra, then up to E the third chakra, then F the heart chakra, then G the throat chakra, A the third eye chakra and finally B, the crown chakra. These changes of key happen very slowly during the first 30 minutes of the CD to open the chakras or energy centers of the body. Then gradually the keys move back down ending in C to close the chakras again. For this reason, Feathertouch is an excellent CD to use for meditation and Reiki. 64+ minutes of continuous easy listening music with no breaks between tracks, no sudden changes of pace or mood. Feathertouch is perfect for relieving stress and anxiety at the end of a long, hard day. The pitches used in this music correspond to the pitches of the chakras or energy openings of the body. In listening to this music, you will be energizing your body while you are quieting your mind. These ambient instrumental sounds will put you in a state of relaxing bliss! - - - - -
