Earth-Based Pagan Spirit Music 13 MP3 Songs NEW AGE: New Age, WORLD: World Fusion Details:

Spiral Rhythm is a group of friends that have been singing together for seven years. We hail from Atlanta, GA, as well as Asheville, NC. We began singing at bonfires at gatherings and festivals, and slowly developed the earthy sound you hear today. We've gone through many changes, but our goal has always been the same-to raise the spirits of ourselves and others through voice and song. The music that we perform is mostly original, with a few songs thrown in that we just can't resist. We like everything from quiet ballads to drumming rhythms that raise the roof. Our music reflects our interests, and as we hope you will hear, these vary widely. We work hard to form deep, complicated harmonies, as well as uplifting chanting. Spiral Rhythm has performed all through the East and "Roll of Thunder" is their third album.
