Related styles: ELECTRONIC: Electronica, ELECTRONIC: Synthpop People who are interested in Imogen Heap hellogoodbye Metro Station should consider this download. Details: Ministry of Magic, or MoM, as their fans have coined them, is a collaboration of Luke Conard, Jason Munday, Aaron Nordyke, Ryan Seiler, and Mark Jennings, 5 musicians from a wide-range of artistic backgrounds who find a common ground in the world of Harry Potter. The music of MoM is a tapestry of orchestra, pop, rock, dance, and hip-hop carefully woven to create a (hopefully) full sensory experience for the type of fan attracted to Wizard Rock: imaginative, discerning, and filled with an appetite for something more than just the middle of the road. The men of MoM, or The MoMoM, as their fans have also coined them, are as varied as their tie colors.
