Here are comments from two members of a long-time competing band: Dave Shaw...what can I say...this guy IS the REAL DEAL...truly one of the last great R&B Singers...a dying breed...when you combine Dave's vocals with a super tight horn band like EAZY, you my friend have the recipe for pure MAGIC...they prove that every time they step on the stage. Their first CD was awesome....but this one is over the top. They have truly outdone themselves. I'm proud to say I have know these guys for over forty years and they just keep getting better with age. - Randy Shaw/Lead Singer for "The Clique" "EAZY Does It Again" is a wonderful walk back in vintage "Golden Triangle" music history. It is Rich in soul, complex in it's musical language, yet simple in the way we enjoy it. "The Golden Triangle," is a place where music is loved or ignored based on our ability to drink beer, eat BBQ, Cajun food, crawfish or drive to the beach. EAZY brings back this rich South East Texas Soul Music ever so linked to Deep South East Texas, dating back to the 60's and 70's, THE BIG OAK CLUB, LOU ANN'S and where we hear Echoes of The Boogie Kings, Jerry Count Jackson, GG Shinn, Billy Gibbons, Johnny Winter, The Clique, and many more. A birthplace of many soulful pickers that grew up and sprouted Wings based on an appreciation of rich "meaningful" music. EAZY touched on so many personal memories, and all this love for our Gulf Coast culture and Heritage...a "cultural past" that we did not know was a "cultural past." EAZY is a very important Texas Gulf Coast band that continues this horn driven South East Texas "sound". A group of old friends that are local musicians to the Golden Triangle and appreciate this past and love this music. Big horn section, Hammond B-3 organ, clean sounding STRAT guitar, and a Leslie Tone cabinet all help create that "soulful sound". "Memories" ...the stuff life is made of and, "Feelings"...the stuff life needs more of. "EAZY truly did it again". EAZY, you make me

smile. Thanks for making this CD and bring back this music to a generation that is so hungry to enjoy these memories. You truly represent the "Golden Era Of The Golden Triangle". - Bruce Tinch, Bass Player for "The Clique" We invite you to listen to the audio samples and order your CD copy today.
