Bluegrass barn burners played by traveling punks. 14 MP3 Songs in this album (33:53) ! Related styles: COUNTRY: Bluegrass, METAL/PUNK: American Punk People who are interested in Bill Monroe Crass should consider this download. Details: "Black Death Allstars call their music deathgrass and have more in common with ODeath (whom theyve opened for) than they say Bob Wills. Their songs harken back to an age when people brewed their own liquor, hoboed (sp?) around the country, and generally were anti-social unemployed deviants. Basically what weve got now in 2009." -songs:illinois
