House Guitar Loops Volume 2 is the long awaited sequel to our smash hit Guitar Samples Package Release which saw great exposure in the charts after being used on several hits worldwide. This time, weve taken it a step further with even more inspirational bleached latin rhythms, dusty jazz chord progressions, trashy nu-rave licks, Sunkissed funky grooves, bespoke worldly textures, furious disco leads, radical rock overdrives, sultry acoustic jams, sample-ready motown flavours and distilled electric guitar sessionsand, as if that wasnt enough, weve also added some skilfully processed audio synthesis magic into a selection of the guitar loops that quite simply puts this release a cut above the rest. For maximum quality output, this release has been recorded in 24-bit audio at our purpose built recording facility. Only the finest amplifiers and high-end acoustic and electric guitars were used in the creation of this song-writing package for maximum flexibility every time.
