desperate serenade, avant pop, post-chanson, anti-folk, and pro-rockstar 11 MP3 Songs POP: Quirky, FOLK: Folk Pop Details: Josepha and her brother Philipp live in Berlin near a canal they think is very romantic even during gloom season. They grew up in Frankfurt am Main and in Chicago. Since December of 2004, they are Crazy for Jane, singing of geographic dilemmas, uncertainties, some drama, shipwreck, rescue missions, and of course Jane. They like to describe their music as "a desperate serenade underneath your window." These troubadors co-write their songs, and together they tend to make people look both ways before falling in love with Jane.
