The dance is on, and you're at the controls! Fire up this righteous collection of authentic tripped out dub instrumental loops, keeping the party moving and swaying 'til dawn! Dub has influenced every dance music genre around, and now "Dubhop Scores" is here to continue the tradition, providing you with the synths, basses, guitars and keys you need to fly as high as legendary engineers such as King Tubby, Lee "Scratch" Perry, Adrian Sherwood, Prince Far-I, Mad Professor, Massive Attack and many more. Slip these cuts into any style, from old-school breakbeat to upfront hip hop, new-school dubstep to electronica, and experience the true power of this V.I.P. sound system triggering heavy inspiration. Most of these badboy scores weigh in at around 70-90 BPM, with other flavours to choose from, enabling you to rule any dance with a versatile set of melodic and instantly catchy licks. There are more than 80 scores for you to roll into your latest production, sorted into groups so you can improvise with the progression and arrangement. All the filenames include the musical key, and as always, this heavyweight release has been engineered with the deepest analogue warmth from deep within the dub lab. Whether you produce dub, dubstep, drum n bass, hip hop, trip hop, electronica or R&B - if you're looking for that killer riff for your next hit, look no further. Each sound in this tripped out off-beat suite has been made from scratch, over 20 hardware synthesizers and several tape delay units have been used to create this authentic Fusion series release which boasts one of the most diverse and intricate collections of heavy drops and hazy chords, live and direct. You can't escape the sticky smell of dubby phrases and soaring chords, penetrating every room in the venue with warm lows and dreamy highs. If you like a lot of bass in your studio, a lot of space in your echo, and you never switch the delay pedal off, you've just found the ideal high-grade addition to your sample library. Strap in for the flight, and let "Dubhop Scores" take you to a higher place. You can find this release in a large number of other Special Formats on our website including: Ableton Live Pack (184mb) Acid Loops (280mb) Akai MPC (350mb) Apple Loops (279mb) FL Studio (280mb) Garageband (279mb) Reason Refill (332mb) Rex2 Loops (158mb) WAV + REX2 (439mb) and many, many more! primeloops.com
