Hotels makes hook heavy, overtly cinematic, sci-fi dance rock. 9 MP3 Songs POP: New Wave, ROCK: Modern Rock Details: "We're not your friend's band." With musical influences ranging from Joy Division, Kraftwerk, and Devo, to Claude Debussy and the entire country of Japan, Hotels makes hook heavy, overtly cinematic, sci-fi dance rock. Drenched in what the band refers to as "synth blood", each song is an end credit for the weary traveler or tearful dancer. Time Out New York says: "Hotels fuse elements of new wave, goth, and surf so seamlessly that genre tags will be the last thing on your mind when you hear their bittersweet, atmospheric pop songs." Their debut album "Thank You For Choosing" is available online and at shows. The first single "Atlantic" has been included on Jane Magazine's 2005 Reader CD.
