NOTE: I AM THE COPYRIGHT PRODUCER OF THESE SAMPLES Eminem Biography: Although he's only been in the public eye since 1999, Marshall Mathers (aka Eminem) has crammed at least a decade's worth of career highs and lows into those few short, high-profile years. The Detroit-based Dr. Dre protégé has invoked the wrath of women and homosexuals with his offensive lyrics; become enemies with Moby, Everlast, Fred Durst, and Christina Aguilera; provided tabloids with plenty of gossip fodder regarding his personal life...and in the process become just about the biggest rock star on the planet. This is because Eminem isn't just about controversy and shock value: This often misunderstood major talent has actually given white rappers genuine credibility in this post-Vanilla Ice age with his string of dynamic hits (both solo and with his side group, D12), his plethora of Grammy nominations, his critically acclaimed film 8 Mile, and his three multi platinum studio albums, which--once one gets past the hype and hullabaloo that surround them--are some of the most creative, original, and exciting releases of the rap genre (or any musical genre) in the past decade. These sounds were recorded and designed by professional engineers using Pro Tools for the best sample quality available. These samples have been processed with Waves processing tools and SSL compressors for more impact and presence in your musical creations. Many drum libraries tend to have overused fx, have digital distortion and lack clarity as well as the natural sounds that some of our favorite producers have come to use. Our samples are carefully picked, recorded, and fully analyzed to ensure that they are clear of these faults and have more live sounding feel which is credited to the drum sets, sound modules, and samplers which are widely used by award winning producers. You will notice the difference once you apply these sounds to your musical works and you will not regret it. Kit includes 312 studio quality one shot audio samples which includes kicks, snares, hats, claps, percussion, effects, and stabs.
