Now you can create your own custom sleep audios for personal use or to sell. Its as simply adding some soothing ambient music or nature sounds to this professional brainwave sleep track. You can mix them together in just a couple of minutes using a free audio editing program like Audacity. Or you can use the track just as it is without any music. All you hear are the brainwave tones. No vocals This professional audio was created to gently guide your mind down into Alpha, then Theta and finally into a Deep Relaxing Delta sleep state while listening without headphones. When mixing tracks, make sure the brainwave tones are audible but, so loud that they overpower the music you are mixing with. * Please Note: If you are going to use this track to create audios to sell, You May Not, sell it without first adding other musical tracks or sounds to them. 40 minute mp3 audio at 128kbps Your Rights: [YES] Can use to create personal audios [YES] Can use to create commercial audios [NO] Can be sold as is [NO] Can be given away for free (any format).
