According to myth, an Alchemist has the power to transform something common into something special. So is the case with California's own, The Alchemist. His tendency to transform a common sample into audio emotion has made him one to aspire to in this new era of hip-hop. In 1993, The Alchemist was introduced via Soul Assassins as half of duo The Wooligans; the youngest of a hit-making fraction that included Cypress Hill and House Of Pain. The duo's Muggs-produced single, "Put' Cha Hands Up", garnered underground awareness and planted the seed for what has become The Alchemist's career in hip-hop music. Under the guidance of Cypress Hill's own DJ Muggs (House of Pain, Goodie Mob, GZA), Al cranked out track after track while simultaneously paying his dues on the road with Cypress Hill. He made a notable first impression as producer with a remix for Cypress Hill's "Tequila Sunrise Rmx" featuring Fat Joe. Al then continued sharpening his skills by providing production for underground mainstays Dilated Peoples. His work with the group led to underground classics like "The Platform", "Guaranteed" and "The Platform Rmx." What your getting in this pack is raw snares, booming kick drums, gritty hi-hats and for good measure a whole load of atmospheric percussion. A perfect tool for creating that authentic ALC sound. \*20 Doped Out Snares \*20 Old Skool Kick Drums \*20 Chunky Hi-Hats (open and closed) \*20 Rattling Shakers \*10 Crash and Ride Cymbals \*Plus Various Percussion Hits This is the bottom line right here! if YOU want your beats to have the exact same sound, impact and presence as The Alchemist then you need this kit right now!
