Universal hip hop with HOT beats and a relevant, positive message 10 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Spiritual Rap Details: The Mission The mission of BAC is to create and perform music that will touch the body, mind, and spirit. They want to cause the listener to think about the times we are living in through songs that deal with issues affecting most everyone. The music reflects a positive message that deals with issues such as self-esteem, sexuality, drugs, violence, and "ghetto life" just to name a few. It's a message that uplifts and encourages the listener from a Rap group with soulful, outward expression. They have not come to create a hype about themselves, but have come to hype the music that makes a connection between the audience and the performer. The Players In a time when rap groups are altogether extinct, BAC has captured and expressed what was, what is, and what is to come in the world of Hip Hop. With a cast that is equally diverse as they are talented, BAC is to Rap what Sly and the Family Stone was to Funk in the 60's and 70's. People can easily relate to BAC because when they see this group, they see themselves. Mo' Si'r-e-us, is the driving force behind the steel. The mixes are tight and fluid, and flow off of this veteran DJ's turntables; they are nothing less than dynamic. While other kids were playing on monkey bars, Si'r-e-us was scratching 45's. The group's front man, Paul "Z", has an undeniable presence that commands the attention of those in attendance, and they always want more. He brings an old school sound with a new school edge. Ken Dog is the Caucasian element of the group with strong urban ties. His lyrical content is thought provoking and soul stirring. Audiences are challenged to listen and think about what they are hearing.
