

Mp3 Mondo Math; Addition Facts 1-12 - Kids/family: Kid Friendly

[DOWNLOAD HERE](#)

Memorize addition facts as you rock and bop to "Mondo Math Radio"; an interactive audio cd that uses contemporary music, rhythm and humor to help students memorize basic math facts. 12 MP3 Songs

KIDS/FAMILY: Kid Friendly, SPOKEN WORD: Instructional Details: Mondo Math Addition Facts By Learning Quest This Mondo Math CD is an inexpensive, flexible tool for teaching addition tables, and it offers many advantages over traditional methods of memorization (e.g. flash cards). The medicine of memorization is hidden in the sugar of catchy rhythms, interesting characters, and funny voices, so repeated listenings are often embraced by the student. The CD is interactive, and can be used in the classroom setting or by an unsupervised individual student. + Memorize addition tables as you rock and bop to Mondo Math Radio + Interactive-Each song encourages listener response! + Contemporary music and rhythms kids and adults love! + Radio Format-You'll want to listen just for the music! To date, over 1000 schools or districts have ordered Learning Quest products. A large number of teachers have chosen to purchase the products on their own. One teacher purchased 15 CDs with the idea of starting a lending library for her students.

About Us Jon Spivack, co-creator of Mondo Math and Fab Phonics products, is a family man and proud father of two wonderful children, Sarah and David. Jon holds a B.A. in Biological Sciences, an M.A. in Special Education, and four teaching credentials. He is also a professional musician and guitar instructor. He enjoys creating childrens educational products. Trina Spivack, wife, mother, and co-creator of Fab Phonics, is an indispensable part of Learning Quest. She holds a B.A. in music, and is an attorney. She, too, is a professional musician and continues Learning Quest product development.
